

## Online Petition to Keep Prince Philip Open in Ainslie Wood

As a service to those community members who wished to express their view to the Hamilton-District School Board members, trustees, and members of the Dalewood ARC, an online petition was created that carries the same message as the paper version.

As is stated on its website, GoPetition provides a way to prevent the publication of signature names by allowing signers to designate their signatures as "Anonymous". GoPetition also allows signers to hide their comments from view. These signatures and comments are available to the person who initiated the petition, who can verify that each signature represents an individual. Please direct any questions to Aimee Reid at [a.reid@bell.net](mailto:a.reid@bell.net).

Here is the content of the online petition:

### **Background (Preamble):**

Prince Philip Elementary School is an integral part of the Ainslie Wood neighbourhood.

We deeply believe the best interests of its students are served by keeping the school open.

### **Petition:**

WE the undersigned oppose the closure of Prince Philip Elementary School.

WE ask the Dalewood Accommodation Review Committee to consider the negative impact on students and the community if the school is closed.

WE call on the Hamilton-Wentworth District School Board of Education to keep Prince Philip Elementary School in the Ainslie Wood neighbourhood.

## Online Petition Comments for Keep Prince Philip Elementary School Open in Ainslie Wood

We feel you are making a big mistake, you have other options. For example, choose to close Dalewood and make Prince Philip K - 8. You try to promote healthy living to these children and then you bus them everywhere. The Prince Philip property has so much more potential, not to mention it is set back from a major intersection which is safer for our children.

--Lincoln Wilson

We call on the Hamilton-Wentworth District School Board of Education to keep Prince Philip Elementary School in the Ainslie Wood neighbourhood.

-- Jacinta Akonteh-Gwanyama

This school is in a large residential area and has easy access for children to walk to and from home or take the bus. The grounds are used extensively for community sports programmes and should be allowed to continue.

--Anonymous

I attended Prince Philip elementary school from kindergarden to grade 5. It was a wonderful safe environment to grow. I always get a warm feeling driving by when visiting my family. It also a great feeling that some of my closest friends children our going to school there. Another generation! It should stay open.....the best people I know started there education there first !  
some of my closest friends our

-- Krista Hamilton

I grew up in hamiltons west end!!! I know family's who go to that school, please keep it open!!!

-- Brenda Flaman

School is the identity for Students & their family ,closing the school means loss of identity.

-- Dheerendra Kuman

I am the Youth Pastor at Westside Baptist Church. My wife and I recently bought a home in the Ainslie Wood neighborhood and are excited to have our family here. We are deeply concerned about the consequences of closing Prince Philip school for the neighborhood. Without a school you will loose families and eventually the community will be lost. A school is the heart of every neighborhood, it cannot be taken out of the community. Please listen to our voices.

--Brock Mason

There is a lot of space at the Prince Philip property to build a school to accommodate students with another school. Is there as much space at the other school?

The government allows money for each student each year. The amount increases for older buildings.

Has the Government said it would not replace Prince Philip's building on site to save money or has it ruled that H-W school board must combine two schools?

Busing kids is relatively easy but is it best?

--Randy Barnett

I feel the closing of Prince Philip school is detrimental to the children of this community.

--Janine Barnett

Do not close this school it is part of our community. We do not want to have all those children being bussed to other schools.

-- Percy Haskell [Comment blocked from public view.]

This school needs to remain open for future generations. [Comment blocked from public view.]

--Julie Haskell

This is a great school , and I'm glad my children have been able to go to Price Phillip . The staff is wonderful and this community would lose a great asset if Prince Phillip were to close The class sizes are perfect and the teachers take care of each child's individual needs. Keep Prince Phillip open

--Patrician Smythe

KEEP IT OPEN!!!

-- Katherine Muir

With the amount of children in the district, there is no logical reason to close the doors of Prince Philip School.

-- Janine Bloom

I went to Prince Philip as a child and so did all 3 of my kids. The school has new windows, a new playground, a new kitchen in the staff room, A new fence around the playground. It has been well taken care of and is in better condition than both Dalewood and Geo. R Allan. It would be a shame to knock it down esp. since it is on a kid friendly property with a park right next door. Binkley and Princess Eliz schools closed. It is the only 1 left .Geo.R. is way too far for such young kids to go to!

--Laurie Hamilton

While my son attends Canadian Marytrs school, I live in the catchement area for Prince Phillips. Young families are a rarity in our area due to the growing number of student housing. Closing one of the schools in our community will make the area less appealing to young families and encourage more houses that are occupied by students, and owned by absentee landlords who don` t have any investement in the community.

-- Shelly Pavan

Please keep Prince Philip School open. Every neighbourhood needs an elementary school and we've lost two already in the past. How is sending Children off to school on a bus good for anyone, they should be able to walk, ride their bikes or even skateboard to school....it promotes healthy living. I am a Prince Philip Alumni and would hate to see it close.

--Rebecca Bisbee

Please keep Prince Philip School open, lots of my grandchildren go or have gone to that school, it would be a shame to close it.

-- Elisabeth Wall

My family has been going to that school for generations. If I didn't move my son would be going there now. Don't lose the history that this school bring to families and the staff that for some have been there for 40+ years.

--April Dring

My daughter is in the 3rd generation of my family to attend Prince Philip School. There are a large number of kids in this community. It would take much away from our kids should they have to be bused to an elementary school.

--Wendy Walker

ALL FOUR OF MY CHILDREN ATTENDED PRINCE PHILLIP.  
GREAT SCHOOL IN THE COMMUNITY.  
PLEASE DON'T SHUT IT DOWN.

-- Kim Isaac-Quicke

This School should be kept open it has been here for years and is helping along of kids. MY father, me and my son went there.

-- Yvonne Rees

Prince Philip School is a strong part of our community, with a history of generations of m families going to this school. It seems that it would be less costly to redesign this school as it is newer then G.R.Allen, has greater green space for the kids to play on, rather than black top that is so dangerouse during winter months and being of one level would seem easier to accomadate individuals with disabilities. Encourage independance and healthy living would be a challenge due to Main St.

-- Sharon Gerry

It is important that schools are near where kids live. Closer schools mean more kids walking cycling, which helps to build and maintain a sense of community in children. I attended Prince Philip for years when I lived on Lower Horning Road, then attended GR Allan for a special programme for a few years and I didn't enjoy the "commute" to school by bus, or having my folks drive me to school.

-- Jonathan Coakley

I support to keep Prince Philip Elementary School open!

- Xiaomei Yao

Keep Prince Philip School open.

-- Tordis Coakley
