

NOVEMBER 5th, 2013

Petition

I am presenting this petition on behalf of the 2084 concerned community members. We are concerned with the potential closure of Armstrong Elementary School. All names have been cross referenced to the best of our abilities. You will note that our community here at Armstrong extends far beyond the boards recommended boundaries as we have an immigrant community that also enjoys the use of our community and its' facilities. This makes them a part of the Armstrong community, and you will find many addresses that are outside the boundaries. We have noted them and tried to keep them separate. This is our community speaking up and out about the possible closure of Armstrong School. Through this we are expressing our sense of a strong community and great pride in our school.

Presented By:

Sharon Nixon

PETITION

STOP THE UNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTRY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

15

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTRY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTEES to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

PETITION

STOP THE UNNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL

STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTARY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

STOP THE UNECESSARY CLOSURE OF HILL PARK SECONDARY SCHOOL STOP THE POTENTIAL FUTURE CLOSURE OF ARMSTRONG ELEMENTRY SCHOOL

As residents of Ward 7, the largest ward on the mountain, we strongly object to the needless, unnecessary closure of Hill Park Secondary School. This is the only remaining High School in our Ward. We object to our children partaking on an hour commute at approx. 10.5 kms and two buses, (each way) to attend the mandated Sir Allen Mc Nab. This commute affects our children's ability to participate in extracurricular activities, volunteer work, and part time employment. The impact of this decision will also affect Property Values in our community. This along with the potential future closure of Armstrong Elementary School on Concession will result in negative effects for local merchants in this community. We STRONGLY ENCOURAGE and URGE the BOARD and TRUSTESS to REPECT our COMMUNITY; as well as LISTEN TO THE VOICES OF OUR COMMUNITY.

SEPT 30 / 13

The following 5 pages represent the value and usage to the community by not only providing services to our community but also the diverse community found beyond the scope of the HUBS boundaries for Armstrong. This is an example of how Armstrong benefits not only this community but also that of our landed immigrant community that participate in an integration program at Armstrong on Saturdays.
