Dear Parents and Guardians:

The health and safety of all students is a priority at Frank Panabaker School, and we would like to remind families that students with life threatening medical conditions require a plan of care. Some students may have a prevalent medical condition while others have medical conditions that require a medical response.

Prevalent Medical Conditions

Asthma
Diabetes
Epilepsy
Anaphylaxis

If your child has one or more of the listed prevalent medical conditions, please contact the main office. A plan of care will be put in place to support the health and safety of your child.

Non-Prevalent Medical Conditions

In some cases, students may require a plan of care to be put into place for conditions that are not one of the above listed prevalent conditions. Please contact the main office for support on determining if a plan of care needs to be implemented.

Please don't hesitate to contact the school for further questions and/or information. Thank you for your attention to this important matter.

Thank you,

Caitlin Evans
Principal

Susie Carter
Vice Principal
