

Your continued support in creating optimal learning conditions at home for your child can be done by:

K-2

- ✓ Maintaining consistent communication with child's educator(s)
- ✓ Ensuring your child participates in some exercise throughout the day
- ✓ Ensuring students have a quiet, safe space to work
- ✓ Taking interest in what they are learning
- ✓ Answering questions your child may have
- ✓ Contacting your child's educator if your child is having difficulty with the content
- ✓ Contacting your child's educator if you have concerns about your child
- ✓ Asking the educator questions if you don't understand what students are learning

Grades 3-6

- ✓ Making sure students have a quiet, safe space to work
- ✓ Taking interest in what they are learning
- ✓ Answering any questions your child may have
- ✓ Contacting your child's educator if your child is having difficulty with the content
- ✓ Contacting your child's educator if you have concerns about your child
- ✓ Asking the educator questions if you don't understand what students are learning

Grades 7-12

- ✓ Making sure students have a quiet, safe space to work
- ✓ Taking an interest in what they are learning
- ✓ Answering any questions your child may have
- ✓ Contacting your child's educator if your child is having difficulty with the content
- ✓ Contacting your child's educator if you have concerns about your child
- ✓ Asking the educator questions if you don't understand what students are learning
