Gatestone Community Updates

Parent Portal & Technology Updates

Please complete your child's verification form and media consent form if you haven't already. These forms can be accessed in the Parent Portal. Due to the re-organization our IIT department is working to set up new classes or add/change staff on our HUB and MS Teams platforms. We are hoping to have these up and running by the end of next week. Thank you for your patience here.

Bully Awareness & Prevention Week

Students participated in various activities this week to recognize and learn more about bullying.

- ***Daily Announcements described forms of bullying, ways to get help, and how to be an upstander.***
- ***Staff engaged students in whole class lessons to help educate students on this issue.***
- ***Virtual Assembly led by Grade 8 leaders to educate students on how they could help others who are being bullied and when to report.***
- ***Accessorizing in Pink on Wednesday not only showed school spirit to stand up against bullying, it also helped us reflect on and recognize the importance of this week and this issue.***
- ***Teamwork shined during Name that Tune! Students had fun dancing in their cohorts with appropriate distance and working together to solve the tunes played during the Name that Tune virtual assembly.***
