PA Day of Learning March 4

Today our educators engaged in professional development regarding Culturally Relevant and Responsive Pedagogy. At the heart of teaching and learning is the need to ensure equitable outcomes for all our students. “It is a fundamental principle that every student should have the opportunity to succeed personally and academically, regardless of background, identity or person circumstances (Ontario’s Education Equity Action Plan 2017, p.3)”. Educators also engaged in work to support our Safe Schools Action Plan, learning more about student reporting procedures when there are incidents of bullying and reviewing ways to support students as they navigate through digital media.
