April 4, 2019

Dear Glendale Families,

I am contacting you to let you know about a potential student protests/walk-outs that may occur in the coming days. Information that we have received indicates that the students will be protesting the provincial government's proposed changes in education.

While we support students engaging in peaceful and respectful activities to voice their concerns on education matters, we also have an expectation that students attend class as scheduled.

Students leaving a class or the school must do so in a manner consistent with the school's attendance procedure (i.e. sign-out with parental/guardian permission if under 18 years of age). Student absences will be recorded and families will be notified.

As these activities are not school or board-events there will be no staff supervision provided.

Our top priority at Glendale remains supporting the learning and well-being needs of students maintaining a safe and respectful environment for all.

Please contact me, Ms. T. Nieuwenhuis, or Ms. L. Baillie, should you have any questions or concerns.

Thank you,

B. Lennox

Mr. B. Lennox, Principal
