

## Glendale Course Selection Instructions – February 2021

Course selection for next year takes place through XELLO **Course Planner**. You can find the **XELLO** icon at the top of your Hub page. **Note:** YOU MUST BE LOGGED INTO THE GLENDALE GUIDANCE HUB PAGE TO SEE IT!

- Anything you had saved in Career Cruising should be carried into Xello. Please follow the **XELLO** instructions to EXPLORE, CHOOSE courses, and SUBMIT your requests. You may complete this process on a computer at home or school. Completing the digital Option Sheet working copy will help with organizing your course selection. When you click the elective course slot, you may search by **Discipline**. These align with the option sheet categories so refer back to your digital working copy.
- **NOTE: Community Hours and Literacy Test results are to be tracked by the student and DO NOT reflect actual results**

### Pathway Planning:

When making course selections, it is very important to plan backwards. We timetable according to your choices, so please do your research to ensure the courses you need are available to you. Timetable changes may not be available based on the options selected by all students.

XELLO has features that help you to explore career clusters and post-secondary programs. If you have plans saved in Career Cruising, you should be able to link back using the drop-down menu under your avatar.
