Welcome & Meeting Norms

Good afternoon everyone! Thanks for coming!

A few reminders:

- Please pay attention
- Put your devices away
- If you have a question, please ask it at the end of the presentation
- Information is posted on the Glendale Guidance HUB page for review

Why Choose College?

- Less theory and more practical experience
- Over 600 degree programs offered
- A career focused education
- Preparation for highly competitive programs

ex. Pre-Technology

- Preparation for some university pathways

ex: General Arts & Sciences

Four Kinds of Programs

- Apprenticeship Programs
- One year Certificate Programs
- Two- and Three-Year Diploma Programs
- Four Year Degree Programs

Admission Requirements

- Apprenticeship programs require a job in the field
- Certificate programs may only require a diploma
- Diploma programs require specific courses that are “C” course types like ENG4C1 or MCT4C1
- Degree Programs require six 4U or 4M courses like ENG4U1 and five more

HWDSB

Collaborative College/University Programs

- Some universities and colleges have programs that allow students to earn both a degree and a diploma (usually need 4U/4M courses to be accepted)
- Some programs use the university (OUAC) application
- MOST programs use the college (ontariocolleges.ca) application

curiosity

creativity

possibility

Four Questions Before Applying

1. What program do you want?
2. What colleges offer that program?
3. What are the required courses?
4. Are there minimum required marks?

How College Admissions Work

Scenario 1

- A program has 85 seats and 60 students apply--everyone is admitted!

Scenario 2

- A program has 100 seats and 2000 students apply
- Only students with minimum grade of “75%” in English are given an initial offer
- If any of those students say “no,” the college moves down the list (i.e. “74%”

How Glendale Communicates

November 2023

- Demographics and marks history are due to OCAS--this was already sent electronically. OCAS requires marks history for all courses taken from grade 9, 10, 11 and 12

February 2024

- Marks upload (semester 1)

April 2024

- Any additional marks and currently enrolled courses are sent

July 2024

- All final marks and proof of graduation sent

- Summer school courses that you plan on taking this summer DO NOT COUNT (past ones do)
- Elearning courses are seen as the same as F2F

curiosity

Grades

- Colleges do NOT post admission averages
- Colleges post **minimum grades** (*i.e. 70% in ENG4C*)

Upgrading?

- Colleges will use the highest attempt, not the most recent (this is good!)
- Colleges will sometimes wait for summer school grades and re-evaluate your application in August

What is in your control?

- Not much! Colleges have policies and worrying about them won't help you!
- **Do your very best in EVERY course, especially the courses required for your program**
- Do your research and be prepared for deadlines

Ontario's Transfer and Pathways Guide

- What is Course Transfer?
- Course Transfer is when a student is granted credit by one program or institution for courses taken at another program or institution. Courses that are evaluated as sufficiently similar are deemed course equivalent.
- Search for Course Transfers in two ways:
 - Courses that you have completed or are on track to complete, and
 - Courses that you may be interested in taking elsewhere with a Letter of Permission.
- What are the reasons you might consider transferring?
- Students transfer for a variety of reasons, which could include:
 - Personal circumstances
 - Change of interest or professional goals
 - Combining or upgrading credentials
 - Transferring may result in a student being awarded courses or credits from previously completed studies/program.

- Where can you transfer?
- A student's transfer options are **UNLIMITED!** The Ontario Pathway & Transfer Guide has thousands of searchable [program pathways](#) and [course transfer opportunities](#) between publicly funded colleges, universities, and Indigenous Institutes in Ontario.
- Things a student should consider when thinking about transfer:
 - Costs (application fees, transfer fees, relocation fees, etc.)
 - Right fit (institution, program, student services, student engagement)
