

WHO WE ARE

The Community Transition Network

We are community partners invested in transition planning, a process which includes families and service providers with the common goal of addressing transition needs for youth/young adults with disabilities. The Community Transition Network is a community task-driven committee which provides the opportunity for community partners to work collaboratively and network effectively. Our focus is to promote healthy living and quality of life for youth/young adults with disabilities who are in the transition to adult services and adult living.

Our committee acknowledges the transition to adult services is a challenging process for young people with disabilities and their families. Families, community members, and service providers alike, have identified many gaps in services available for young people and the need for shared resources and information between community organizations. The Community Transition Network believes that successful transition involves collaboration between the individuals, family and supportive others, and their community as a whole.
