## Weekly Update for March 29, 2021

Student well-being and learning continue to be our school focus! Report cards were sent home three weeks ago. At that time, students and their family were encouraged to set goals. It is a good time to check in on this goals. How is your action plan? Everyone is trying their best inside and outside of the classroom following our safety protocols. Our school community will have a chance to slow down their pace with the long weekend next week.
