Home & School Update

The Greenville Home & School Association is a group of parent volunteers who are committed to supporting our school, staff and students. We want to ensure that the education, health, safety and social well-being of our children is a priority. We work directly with the school and staff to ensure needs are met. This year, great fundraising projects have helped to purchase materials to support staff and students to ensure they have what they need to succeed.

Keep up-to-date on all of our upcoming events and see how you can help out!
