

Piano Lessons at Greenville

Piano instruction continues to be offered at Greenville through the HWDSB piano program. We are thrilled that this September we will be back in the school to offer half hour semi-private lessons to students in grades 2 – 5 during school hours as spaces become available. If you would like more information or would like to place your child on the wait list for a potential September start, please email me, Miriam Janssen at miriamrjanssen@gmail.com
