

Piano Instruction

Piano lessons at Greenville school continue to be offered this coming September! If you would like to consider the opportunity for your son or daughter to take lessons during school hours in a half hour semi-private setting (within the school), now is a good time to register for a September 2024 start or to place them on a wait list. This program is designed for beginner students who are in grades 2-5. Want more information? Please don't hesitate to reach out to me, Mrs. Janssen, at 905-745-9264 or email miriamrjanssen@gmail.com for more information. Parents who have already placed their child on the wait list will be contacted shortly to inform you if there is a spot available for September. This is not a board supervised program.
