

Highview School Council is proud to host a

**Family Lego STEM Night in the school gym on**

**Wednesday April 10<sup>th</sup>, 2019 from 6:00pm – 7:30pm**

**featuring**

Please join us for a fun night of STEM learning with your school family and friends,  
through the use of Lego!

There will be 5 fun stations: Motorized Model Building, Structure Building, Mosaic Building,  
Creative Free Play and a Duplo Station for the younger kids.

All family members welcome, but at this time we'd like to limit attendance to only  
2 adults per family.

There are a limited number of spots, so sign up for this event is mandatory.

Please do not show up to the event without an email confirmation that you are on the  
attendee list.

Please RSVP to [highviewfamilynight@gmail.com](mailto:highviewfamilynight@gmail.com) with your family name, number of children  
attendees and number of adult attendees.

No verbal or Facebook RSVP's will be accepted.

If we reach our maximum, a wait list will be started.

Refreshments will be provided.

We look forward to seeing you there!
