

TERRY FOX SCHOOL RUN

Our school is proud to take part in this year's Terry Fox School Run. Please help us to continue the legacy of one of Canada's greatest heroes.

Our event will take place on: **Friday, September 22nd** (Rain Date: Mon. Sep. 25th)

Grade 1-6 Walk/Run: **9:30 am – 10:30 am**

Kindergarten Walk/Run: During regular Phys Ed schedule

FUNdraising made easy! Our school will be collecting donations online.

You can donate by using the link below or scanning the QR code.

All donations are receipted immediately by email.

Please share with your friends and family:

Donate online at Holbrook's fundraising page:

<https://schools.terryfox.ca/HolbrookPSHamilton>

Thank you for your support with this event!

This will be a great day to build our school community and support cancer research.

Hi, I'm CALVIN!

I love sports! I play baseball, basketball, hockey, bike, skiing, swimming and water skiing. I have a loving and fluffy Portuguese Water dog, named Darwin. I am also a cancer survivor. I was diagnosed with Acute Lymphoblastic Leukemia at the age of 5 and I'm doing great now.

I think Terry Fox was very brave. He's even inspired me to want to be a doctor or scientist when I grow up so that I can help others just like he did.

2023 TERRY FOX SCHOOL RUN AMBASSADORS

Hi, I'm Mia!

I love dancing! I also enjoy swimming and going to watch live shows, such as concerts or plays.

I'm also a cancer survivor. When I was 2 years old, I was diagnosed with Acute Lymphoblastic Leukemia. I spent a lot of time in hospital

but not anymore! Terry's story inspires me to enjoy the positive aspects of life more. He never stopped fighting and neither should we.

WHY WE NEED YOU

Donations support high-impact research through the Terry Fox Research Institute that makes the greatest difference where it matters most – in the lives of patients.

We fund the top 5% of Canadian researchers and their science studying many different types of cancers, such as...

LUNG CANCER
BREAST CANCER
OVARIAN CANCER
COLORECTAL CANCER

PEDIATRIC CANCER
PROSTATE CANCER
BRAIN CANCER
BLOOD CANCERS

Terry's Story

At the age of 18, Terry Fox was diagnosed with osteogenic sarcoma and was forced to have his right leg amputated. Determined to help others suffering from cancer, he decided to run across Canada, running a marathon a day for 143 days, to raise funds for cancer research. Unfortunately, Terry's cancer returned and he was forced to end his Marathon of Hope, but his legacy had only just begun.

Today, the future of cancer research is very bright. The Terry Fox Foundation funds a variety of different cancer research projects such as lung, breast, ovarian, colorectal, pediatric, prostate, brain and blood. With your support, we will continue to make a difference in the fight against cancer.
