

Over the past few weeks, every class at Holbrook has been working hard on a special writing project starring someone we all know and love – Hero, our husky mascot!

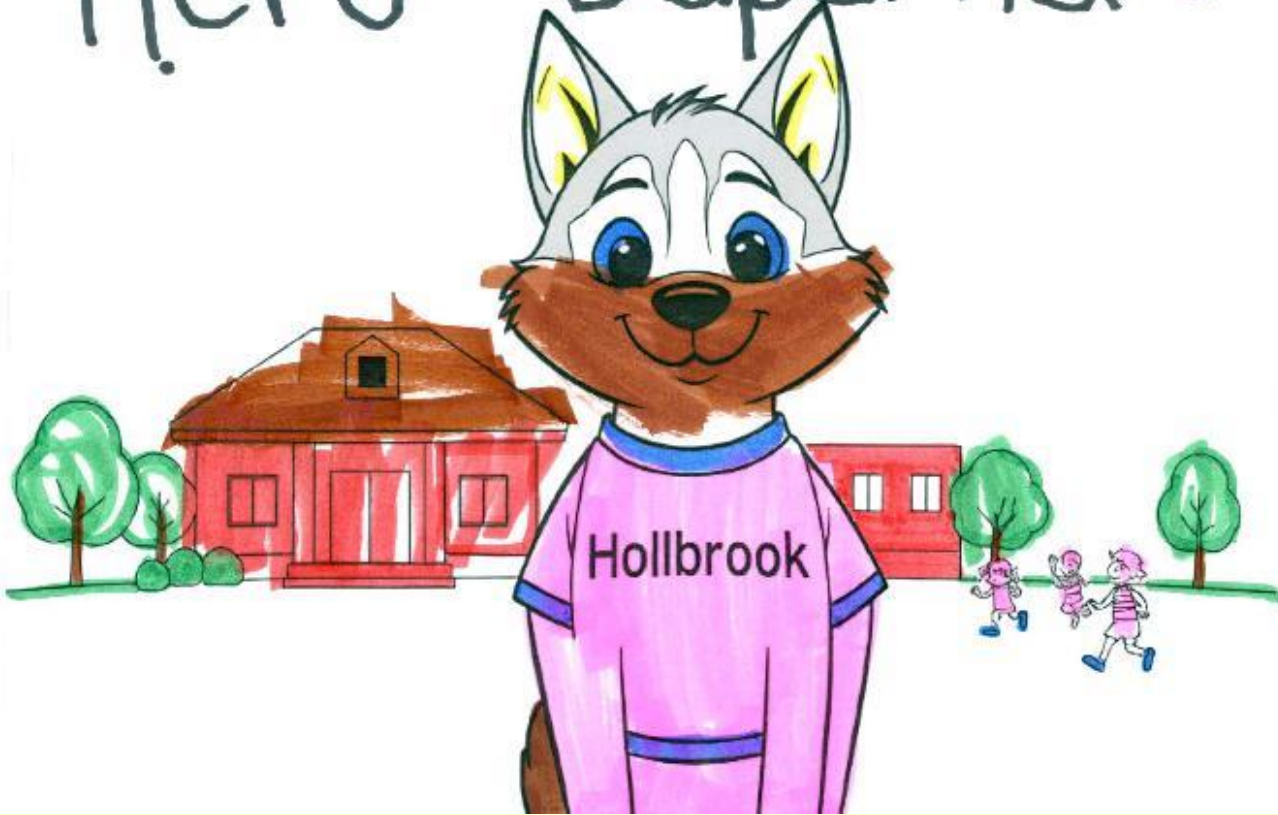

Right now, all of our stories are being turned into real books. We can't wait to hold them in our hands, flip through the pages, and read the amazing work created by students from every grade.

But before the books arrive, let's pause to celebrate something just as important: the *hard work*, the *imagination and creativity*, and the *teamwork* that went into this project.

Writing a book – even one page – is no small thing. So today, we are giving a big round of applause to every Holbrook student and teacher who helped make this happen.

And now let's take a look at all the amazing work that went into our Hero stories. Each class helped bring Hero to life through creative, funny, and heartwarming stories. Some of us imagined Hero going on wild adventures, others wrote about Hero helping out at school, and a few even gave Hero magical powers!
