Snow/Snowball Letter – 2nd Warning

Dear _____:

We have a policy in place that students are not to throw snow/snowballs on school property or on the way to and from school. All classes have been so informed and when appropriate, they have been reminded of the rule. The students are well aware of the dangers that snow throwing may cause.

Students were informed that if they threw snow or a snowball, they were to be sent to the office and they would receive a letter of warning to be signed by a parent/guardian. If this occurred a second time, the student would serve an in-school suspension. We are very hopeful that a third occurrence would never happen, but if it should, a home suspension would then be issued.

Today, _____ was throwing snow/snowballs for a second time. As indicated in the first warning letter, the consequence for a second infraction is an in-school suspension. This in-school suspension will take place tomorrow, _____. A third infraction will result in a home suspension of at least one day.

Please sign below to indicate that you are aware of this consequence and return this letter to the office by the next school day.

Thank you for your co-operation.

Sincerely,

Mr. P. Petruccelli
Principal
