#### FROM THE OFFICE

Students needing to call a parent during the school day are asked to do so at the office and not on their cell phones from another location, as well as, we ask parents not to text or call their child directly, as the office has to be informed of all arrangements made for pick ups or drop offs. If a student is being picked up before regular dismissal time, please send a note to the teacher stating who will be picking the student up, at what time and the reason for the early dismissal. The teacher will then inform the office of the arrangements. Also, the office administrators must speak with a parent directly to receive permission for a student to go home and they must sign out at the office prior to leaving the building. Please remind your child of this procedure. Please help us ensure the safety of your child at all times by going through the proper procedures at the office.

Also, just a reminder that if your child is going away on vacation, please submit a letter to the office stating the dates he/she will be absent. We need to keep these letters on file for auditing purposes.
