

Need Volunteer Hours???

gigit is a social media platform built for the gig economy with the purpose of connecting our communities. If you are a volunteer looking to get more involved, **gigit** is the single place we can all connect! **gigit** has an amazing number of volunteer opportunities available with not-for-profit organizations which are applicable for your Community Involvement Hours needed for graduation.

Volunteering can be a very rewarding, life-long experience and needn't be done just to fulfill graduation requirements.

Why not go to a place where the choices are so numerous you can find something that you would really like to take part in?

If you have any questions, please ask at Student Services.

Here's how to find **gigit** ...
