

## **uOttawa Open House is on October 26!**

The University of Ottawa Open House takes place on October 26, from 8 a.m. to 4 p.m.

Our Open House aims to help students who are within two years of graduating, and their parents, as they make big decisions about post-secondary education. Students will have an exclusive access to the campus and be able to:

- Sit in on faculty presentations to get a feel for the rich variety of our programs;
- Speak with student athletes and student services members at the Student Experience fair;
- Discover how they could earn up to \$45,000 in their field of study by taking part in one of our CO-OP programs, or earn as they learn in our Work-Study Program;
- Meet current students to get tips on the transition to university life.

This fun and informative day will feature more than 100 activities designed to provide students with everything they need to know about our admission requirements, generous scholarships, extensive French immersion programs and so much more. All students who [register](#) could win a \$1,000 scholarship!

Please visit our [Open House website](#).

Thanks!
