

# Earth day activities for the school

We will be hosting earth day activities for you and your classes to participate in throughout the day. We will be cleaning up our school property with cleaning supplies. Picking up trash as well as doing some very fun earth day games in your classes. You may also have the chance to plant your own flower. So please come prepared.

We kindly ask for donations to help save the bees. We will be sending the money to a company who will keep them safe and give them a food supply. If you want to save wild life...

**Bee a hero and donate BUCKS FOR BEES**
