**Date:** December 16, 2020

**To:** Michaelle Jean Families and Staff Members

**From:** Lisa Neale, Principal, Michaelle Jean Elementary School

**Subject:** Michaelle Jean Elementary Well Supply

As you may recall from our letter shared on November 30<sup>th</sup>, 2020, drinking water fixtures (hydration stations and food prep sinks) were bagged and tagged out of service at Michaelle Jean as we worked with our contractor to complete work and monitoring of the drinking water system. This action was taken in consultation with Public Health. An alternative source of drinking water – bottled water has been available for students/staff as we completed this work.

Our contractor has now completed the necessary work on the drinking water system and in consultation with Public Health we are able to return hydration stations and food prep sinks to service at the school as of December 16<sup>th</sup>, 2020. Drinking fountains will remain closed off due to COVID-19 protocols. Hydration stations can be used for filling personal water bottles.

Thank you for your patience and understanding.

If you have any questions, please let me know.

Sincerely,

Lisa Neale
