

Go for Green

"Reimagined"

Hello Millgrove Families! The Go for Green team has been working on a creative way to still care for our beautiful playground so it's ready for our kids return in September! We are looking for 10 families (or more is better) to adopt a garden bed at the school to care for during the school closure. This is a great way to be able to safely get out and keep your kids connected to the school grounds and be excited for when school is back in.

If you are interested in helping please call, before Monday June 8th, beckygaler@gmail.com 905-541-5552.

GFG Spring & Summer 2020

The school gardens have been broken into sections. We have a map of the grounds we can provide you and you can choose your garden space. The more volunteers we get the smaller the area everyone needs to help with!
