

# FRIDAY HOMEWORK

## (week ending December 18, 2020)

Our final "Friday Homework of 2020!! On behalf of myself and all of the Mountview Staff, we would like to wish everyone a safe and joyful holiday!

| Action Items                                  | What  | Action by  |
|---|---|------------|
| <p>Potential for extended School Closures</p> | <p>As we are sure you have heard, HWDSB is preparing for the possibility of remote learning commencing January 4th if the current situation requires it. If HWDSB is to move to remote learning it will be communicated through School Messenger. Please make sure you listen to any calls/messages from HWDSB over the break and check the website often. Students will be sent home today with some of the resources they may need for remote learning. If in school learning resumes January 4th as normal, please make sure all of these resources are returned with your child(ren) as they will be required in the classroom.</p>                         | <p>All</p> |
| <p><b>IMPORTANT Safety Reminder</b></p>       | <p><b>With the new drop off and pick up routines, we recognize that San Antonio Drive gets very congested. Please be extra vigilant when dropping off and picking up your students as safety needs to be a priority. Remember to also be respectful of our neighbours by not blocking their driveways. Members of our school council will be patrolling this area over the next couple of weeks to remind everyone of the importance of taking the extra moment or two required to slow down, wait for others and keep our students safe. City By-Law officers will also be doing random checks and tickets will be issued if you are parked illegally.</b></p> | <p>All</p> |
