

MOUNTVIEW PROTOCOL REMINDERS

It is imperative that we reduce the number of different contacts that all staff, students and families have with each other. In addition, we need to minimize the number of people on our playground during entry and dismissal times.

To support this, we are asking the following of our Mountview families:

All students must complete the COVID screening tool every day before coming to school.

<https://covid-19.ontario.ca/school-screening/9>

While on Mountview property, everyone MUST wear a face mask/covering.

Kindergarten students will continue to be dropped off/picked up from their respective class locations.

Grade 1 – 3 students are encouraged to be independent where it is safe to do so and meet/say goodbye to family members at an agreed upon location, away from the designated school bubbles

Grade 4 – 6 students, please arrive and dismiss independently. Please meet/say goodbye to family members at an agreed upon location, away from the designated school bubbles

If an older sibling will be picking up a younger sibling on the way to the family pick up location, they are NOT to enter the siblings class bubble. They are to wait outside of it and the teacher will dismiss the student to them.

If a parent or caregiver must pick up a student directly from a class bubble, it is imperative that they do not enter the class bubble or any other class bubble while making their way to their child's class.

We appreciate your anticipated cooperation in keeping Mountview safe!

On the following page, you will find a recap of the morning entry and afternoon dismissal routines that were in place before the break.
