**Join us for an unforgettable
summer of fun and soccer!**

Water and healthy snacks are provided daily. Campers take part in structured programming throughout the day, including designated time with supervised swimming. During swim time, coaches are in the water providing direct support for campers who are not yet able to swim independently. Our experienced, trained, and paid coaches and support staff lead soccer-related activities and games in groups with low coach-to-camper ratios. Our goal is for every camper to feel happy, included, and supported as they grow in confidence, independence, and ability throughout the summer.
