## "Preparing for the Next Step"

- Apprenticeship?
- College?
- University?
- Work?

...a Student Services Presentation

#### **ORCHARD PARK SECONDARY SCHOOL**

## PREPARING for and **APPLYING** to **COLLEGE** or **APPRENTICESHIP**

## College or Apprenticeship?

- Before you can choose a destination, you need to identify WHY you are going.
- Start with the end in mind
- Identify your IDEAL Career where do you want to be when you are finished post secondary training?
- Create a plan to get there.

#### **How to Choose Your Career?**

- Look at what you are good at. Where do you excel? What talents and aptitudes do you have naturally? Try a part-time job or volunteer to get experience in that area.
- Look at your personality and what type of work environment would suit you.
- Investigate career options
- **■** Research the job opportunities

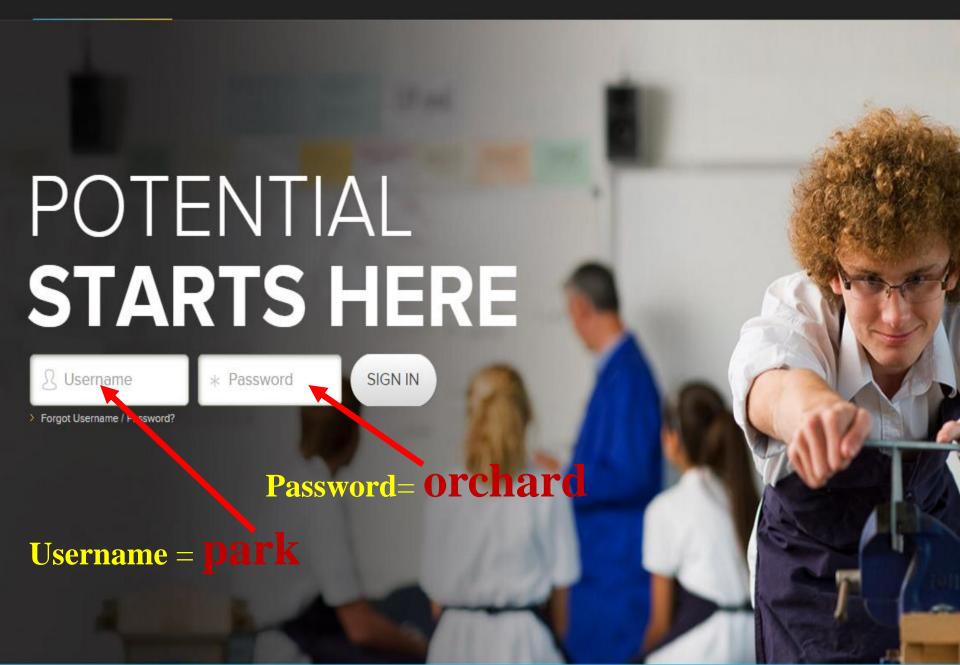

# Where can I find Career Information?

- Career Cruising is your best "one stop shopping centre"
- In Career Cruising you can search careers, get a description of work environments, find average wages, see recommended academic pathways and identify the Universities and colleges that offer programs to get you there.

## College

 Applied Arts, Business, Health Science & Human Services, Technology and Skills

 29 public colleges, over 100 campuses in Ontario

Offer diplomas and degrees

## 11 Reasons to go to College

# 1 - Innovative and ground breaking programs

- Almost 500 industry partners as curriculum advisors ensure that what is taught is relevant

#### 2 - Explorer friendly

- Earn credits in a program designed for students that are unsure about their destination. Enables you to ponder where you want to end up through experience

# 3 – There's Something for everyone

- 5000 programs in over 200 areas of study

#### 4 - Choose your own adventure

- 1 year certificates to get you working quickly
- 2 or 3 year diplomas to gain more experience
- Graduate certificates for post diploma or post degree grads
- 190 degree programs available

#### 5 - Never too late

- Many adults at college upgrading their skills and you can also learn from them

# 6 - Real world experience before you graduate

 Instructors with professional experience offer hands-on training and lots of COOP experience which = excellent job possibilities

#### 7 - No stereotypes

- A diverse cross section of people to learn with and from

#### 8 - Classrooms that connect

- Average class size of 30 rather than in the hundreds allowing you to get to know your instructors and they get to know you

#### 9 - Locations that work for you

- 100 campuses in small towns and large cities

#### 10 - Graduate with less debt

 yearly tuition costs about half of university and you will only be there for one to three years

# 11 - Most likely to end up with a job!!!!!!!!

## College

- Course material connected to work experience
- More emphasis in `Practical Training` and less emphasis on academic Theories
- **■** Less expensive than university
- Smaller classes
- Higher instance of employment in the field of study

## College Prerequisites

- High School Diploma
- ENG4C or ENG4U
- No bonus given for course level
- eg. 75% in ENG4C1 is equal to 75% in ENG4U1
- Although English is required for every College Program, some programs have additional requirements
- eg. Grade 11 or 12 Math or Science

## College Prerequisites
