

Be respectful when connected.

## THINK FIRST

### Identity...

- I keep my passwords complex, private and secure
- I don't share personal information about myself or others
- I represent myself positively online because it lasts forever

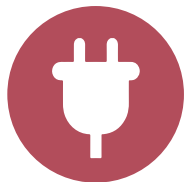

### Purpose...

- I use digital tools to learn and show my learning
- I don't use my device as a distraction from learning
- I follow teacher instructions and advocate for my learning needs

### Respect...

- I ask permission and give credit when using others' work
- I ask permission before taking photos/videos of others
- I communicate with respect and empathy and stand up to cyberbullying

### Organization...

- I have a charged device when I need it
- I keep the case/cover on when not in use
- I treat my device with respect
