Playground Meeting Spaces

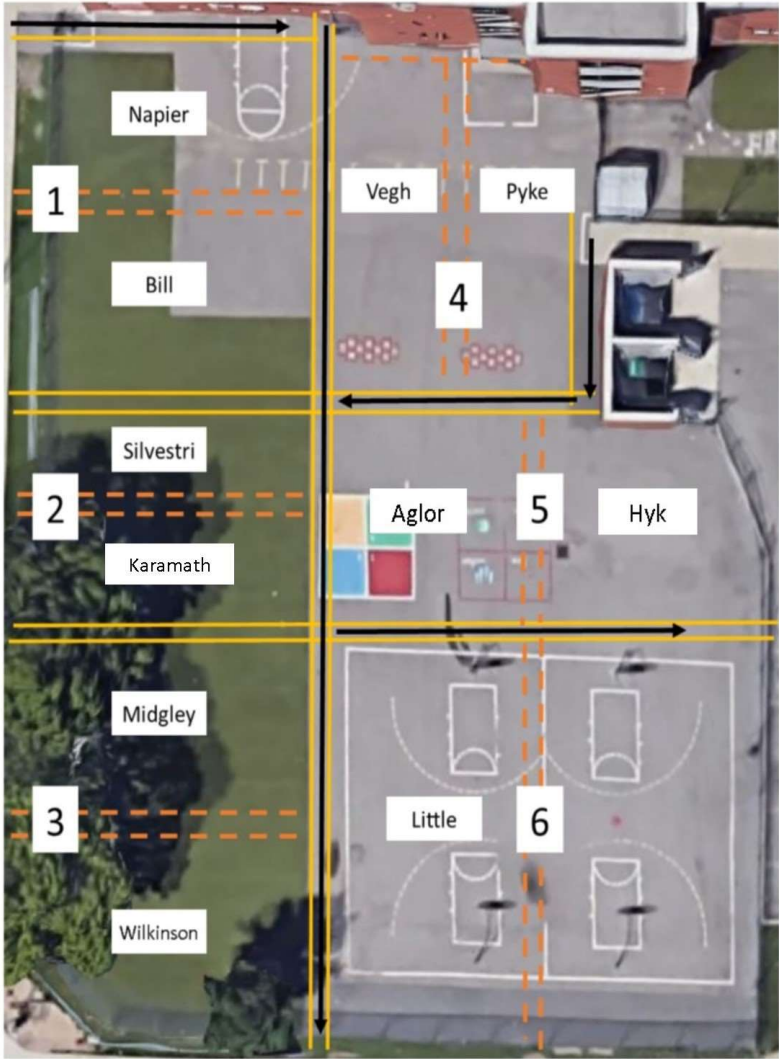

General Messages

- Entering and Exiting
 - Please follow the black arrows to move to your playground space. Do not cross through other classes areas. This keeps the classes separate for safety.
- Solid Yellow Lines (Boxes)
 - These are the playground recess spaces for classes, they are numbered and correspond to a rotation so classes get to use different areas of the playground.
- Dotted Orange Lines (within solid yellow line boxes)
 - These are the meeting spaces for classes during entry and exit. Please look for your teachers name, this is your space to gather.
- The double lines in each area represents the physical distance between classes
- FDK class entry and exit points are mapped as well, please connect with FDK staff for timing. Handoffs will occur at the doors.
