come to survey the yard and offer assistance to our endeavours to improve our greenspace outside the school. Grants were suggested to apply for in January 2024 (TD friends of the environment) with a 2 year window to use the funds. We are looking for funds to depave so we can begin planting trees and green spaces around the school. We were also reminded to be aware of potential delays that may set back our timelines for using grant money. Surveys had gone around to

Surveys had gone around to
Surveys had gone around to
students to ask for their
input on improvements to
the playground. Most
students humble suggestions
were just for a bench or
some shade.
This will be a long process
and we have plans for future
meetings with the principal,
super intendant, facilitator,
school council, and home and
school representatives to
really work out a plan and
execute it. Begin by
identifying the biggest
concerns and all our asks

	(relatively priced out) before meeting. Date TBD.	
	Vandana added that she had previously looked into getting "buddy benches" for the school and could potential tie into our plans to improve the playgrounds.	
	Improvements are intended to be made in increments as we are ready for each component – will not be waiting for the largest components to begin work.	
	In the meantime, last year's physical activity leaders pilot program will continue this year as "recess guardians" where students lead activities, without the need for equipment, during recess.	
Teacher Report	Slow pitch tournament had some set backs with delayed busses but was an overall positive team-building event. Teachers have begun student assessment/reporting.	Lynda Southon
	HWDSB has made it's switch to instagram for relaying information. We plan to switch out schools social media account from twitter to instagram as well to better share posts and information.

initiative has been	
revised with staff and	
student feedback. It	
contains 3	
components that	
provide a consistent	
approach to the	
school year for both	
elementary and	
secondary.	
Reimagining Wellness	
3.0 fosters wellbeing,	
creates community	
and supports each	
student in feeling	
safe, supported and	
included.	
There are three components:	
1. The top 5: during the	
first few weeks of	
school, lessons setting	
classroom norms,	
aligned with our anti-	
bullying strategy.	
Topics:	
-healthy relationships –	
human rights	
-Mental health literacy in the	
classroom – thoughts,	
emotions and actions.	
-Introducing bullying	
prevention – identifying	
teasing, aggression and	
bullying.	
-Collaborative classroom	
agreements	
-Barrier-free reporting –	
"HWDSB Helps"	
2. Ongoing wellness	
lessons: Many lessons	
dealing with	
community and team	
building, physical
