

Parent Update

Open House

A Huge THANK YOU to all the families who supported us for our Open House. It was a pleasure to meet so many families and to have you in the school after being unable to host you for over two years.

We want you to know that you are welcome in the building and just need to reach out to the office if you need to come in for meetings, interviews or to volunteer.

Happy Mother's Day!!!

This day is for all women who not only gave birth to a child but to those as well who have been a surrogate mother to any child(ren) out there. To some of our children in your community, you are moms to them everyday.

Trip Volunteers

Thank you to all the parents who offered to support our staff for our 1st school trip in over two years. A reminder that a Police Check is needed to volunteer with children in a school. The Vulnerable Check is valid for three years, once you do not move or stop during the time. More information will be coming home at the beginning of the week about expectations for supervisors supporting the trip.

Pizza & Popcorn

As the COVID restrictions have ended, we are able to start up our concession stand again. Pizza days have definitely been a big hit and thanks to all the families who have supported us over the last three weeks. The orders for May have been placed. If you did not order for your child(ren), but would like them to have pizza, please know that we have extra slices available for sale.

**Also, a reminder that this week, pizza day will be on Wednesday instead of Thursday because of our school trip.

Boy's Washroom

Over the last few weeks we have been having some issues with boys using the washroom at the school. On a daily basis, we are getting reports of urine on the floors, either inside the main door of the washroom or in stalls. On Friday, we also had a report of a swear word written on one of the stalls. We have spoken about the expectations on a daily basis, spoken individually to the boys in each class, created sign out cards, etc. but the behaviour has continued.

Please have a talk to your son(s) about using the washrooms appropriately and respecting the school property and the work that our caretakers do to keep our building clean.

Popcorn Days

Students were surveyed to determine if they would be interested in purchasing popcorn and the flavours that they would like. Our 1st popcorn day was on Friday, May 6th. These days will continue until the end of the school year. Unfortunately, we were not able to get some of the flavours that the students had requested due to supply demands from Kernels. Despite this, there was a great response to the flavours we have. Once the other flavours are available we will let families know.

Any monies collected will be used to support different activities around the school.
