- Due to the increasing amount of student "fast food" lunches being dropped off on a regular basis the office has placed a cart just outside of the office with sticky notes. This allows parents to still drop off lunches for students without causing excess clutter and interruptions to office staff and reduces number of overall disruptions to class time.
- Free milk day is occurring again on a monthly basis.
- Staffing changes for the next school year will be made by the 20th of April.
