

PROGRAMMING

WOBOT FACTORY (AGES 7-9 + 10-12)

We'll make some wood wobot friends and try our hands at kinetic sculpture! This program is focused on wood working and textiles.

GENERAL ART (AGES 7-9 + 10-12)

Our general arts camp explores art-focused craft work in the studios. Every day will be something new to try and experiment with, with projects ranging from block printing, screen printing, clay sculpture, soft sculpture, painting and drawing.

PIRATES (AGES 7-9)

Yarrrr hop on board for a super fun week of making costume parts, building boats and forts, and playing pirates. This program is focused on wood working and textiles.

MAIN STREET (AGES 10-12)

In our Main Street week, kids will build a miniature building and work on scale model interiors. We'll work across all studios for different aspects of this project to see where our imagination takes us.

CLAY ALL DAY (AGES 7-9 + 10-12)

Get ready to turn those mud pies into art! Kids will explore hand building, decorating, collaborative work, and wheel throwing in a week packed with fun craft projects and lots of playing with clay.

REGISTRATION

READY TO REGISTER YOUR CAMPER FOR CRAFT CAMP?

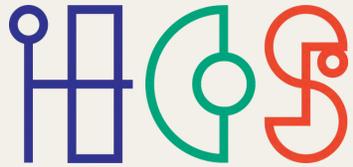

We can't wait to share our studio with some amazing kiddos this summer!

Visit www.HamiltonCraftStudios.com or scan the QR code below to learn more about camp dates, craft themes, and Hamilton Craft Studios' facilities.

HCS is proud to offer HCS Craft Camp for kids at our 14,000 square foot facility.

Taught by experienced instructors, kids will learn practical skills through creative, hands-on projects. Each week, campers will explore a theme, engaging new materials, techniques and skills in our woodworking, ceramics and textile studios.

HCS gives campers a safe studio to work on projects that encourage creative play and problem solving. At the end of the week, parents are invited to join us for show and tell led by the campers.

We strive to offer a fun, inclusive and safe environment. Please let us know if your child has specific needs and we will do our best to adapt programming to suit their skill level.

Joseph Bauman and **Dayna Gedney** are professional craftspersons and directors at Hamilton Craft Studios. Both have been teaching kids camps for the past 8 years and are excited to bring excellent kid-friendly craft programming to HCS.

We work hard to ensure participants are learning more than just how to do something — we want kids to feel empowered, develop problem solving skills and confidently engage new ideas and challenges as they happen.

Our instructors are both High-Five Certified and First Aid Trained.
