

HWDSB Skills **POWERED** by Women *Girls and Guardians Dinner*

HWDSB is holding a Women in Trades Dinner for young women in Grades 11 and 12 and their parents, guardians or caregivers.

This is an opportunity to hear directly from women in industry about how Skilled Trades are viable career paths.

Guest Speaker: *Emily Chung*

Emily is a proud mom of two energetic young boys. She owns and operates AutoNiche, a family-friendly auto repair shop in Markham. She is a licensed Automotive Service Technician, Certified Child Car Seat Technician, and Automotive Writer with various publications. She also teaches in the Automotive Business School of Canada at Georgian College. Emily holds a degree from the University of Waterloo in Psychology and Business, and her previous jobs include Psychometrist and Human Resources Associate.

She has appeared on various media including Breakfast Television, Cityline and the Marilyn Denis Show. She is passionate about her work. Together with her staff, AutoNiche's purpose is to bring better communication and client service to the auto repair experience.

HWDSB Skills POWERED by Women

**Exploring careers for females in non-traditional trades?
What options are out there?**

Here is your chance to find out! Skills Powered by Women is a series of events for Grade 9-10 students to introduce them to opportunities in a variety of skilled trades that they may or may not have thought of before.

November (Kick Off) Careers in Skilled Trades

Meet the mentors, learn about who we are and start thinking about your career goals.
Construction as a career? Hands-on activities that you can take home!
Who wants to be a firefighter? Put on some equipment, see the truck and learn about careers in firefighting.

Location: HWDSB Board office

February Mercedes-Benz Burlington

Explore the variety of careers available in Motive Power. Bet there are some you didn't even think of!
Tour Mercedes-Benz Burlington and learn about careers in motive power. Test your skills with some hands-on activities.

Location: Mercedes-Benz Burlington

March ArcelorMittal Dofasco

Do you know what Advanced Manufacturing is? There are a vast array of trades available. Which one are you interested in? A day of speakers and hands-on activities.

Location: ArcelorMittal Dofasco

March	HWDSB Skills Competition - (Optional event)
	Our 2nd annual Skills Competition in Hamilton. Come out and be a leader and see what is happening in our board with skills competitions.
	Location: Nora Frances Henderson Secondary School
April	Mohawk College
	Tour the facilities and participate in some hands-on learning about skilled trade opportunities at the college.
	Location: Mohawk College Stoney Creek and Fennell Campus
May	Skills Ontario Women's Conference
	Meet over a thousand other female teens that are looking at options in the skilled trades. Hear special keynote speakers and investigate the Provincial skills competition!
	Location: Congress Centre, Toronto, Ontario
May	Wrap up! Final Event for Careers in Skilled Trades
	Reflect on what we have learned with special entertainment and activities.
	Location: HWDSB Board Office
