

Nature Letters

Using objects you find outside (sticks, rocks, leaves, flowers) make the letters of the alphabet. *Challenge - Leave a kind message for someone to find.*

You've Got Mail

Draw a picture and/or write a letter to a friend, family member or someone in your community. Drop it off, send an email or put it in the mail.

What's Missing?

Draw a letter in the dirt, sand or on paper. Ask your child to find an object beginning with that letter. Draw a different letter and have them find an object beginning with the new letter. Do this several times, then have your child look at the objects they collected. Ask them to look away while you remove one object. Can they guess which object was removed? *Challenge - Put the objects in alphabetical order.*

HWDSB

Family Literacy Month

Week Two: May 9th- May 13th
Phonics

Words! Words! Words!

As you explore your home and community, notice words on posters, food packages, signs, stores, etc. You might choose to: read them together, take pictures of them or write the words down. *Challenge- Write a funny sentence using the words you find.*

License Plate Game

Work together to find all the letters from A-Z on license plates in your community. *Challenge - Find them in alphabetical order or even reverse from Z-A!*

Share your Adventure

Post images of your adventure and use the hashtag #HWDSBfamilyliteracy2022 How many challenges can you complete?

Family Tips

Phonics refers to the rules of how letter combinations go together to represent different sounds.

Click here to learn more about the activities we are doing this week. Note: Accessing the QR code will provide educational activities and resources for French Immersion students.
