HWDSB Land Acknowledgement

Hamilton-Wentworth District School Board acknowledges our presence on ancestral Anishinaabe and Haudenosaunee Confederacy land as determined by the Dish with One Spoon treaty.

The intent of this agreement is for all nations sharing this territory to do so responsibly, respectfully and sustainably in perpetuity.

We respect the longstanding relationships with the local Indigenous communities, the Mississaugas of the Credit First Nation and the Six Nations of the Grand River.

Sherwood

SECONDARY SCHOOL

Student Supports: Learning Resource

The Resource Room is a great place to come if you need support with your classes. They can help you with your homework or help answer other questions you might have.

For grade 9 students who have an IEP (Individual Education Plan), your Learning Resource teachers will be reaching out to connect with you within the first few weeks of school.

A Few Tips:

- Have your parents check Parent Portal and update any information that's changed. It's important that home phone numbers and emails are updated.
- Check announcements on the website or Hub home page
- Check your email daily
- Ask any questions you might have to your homeroom teacher first

Meet The Departments - Geography

This year in grade nine Geography you will gain a better understanding of the world around you. In the course we will focus on Canada, but we will also look at Canada's place in the world. We will learn about things like sustainability, what we can all do to help the environment, Canada's abundant natural resources like our forests and minerals, and we'll explore all the natural features of the Canadian landscape from Coast to Coast. We will also learn about Canada's population and its cultural diversity and investigate what makes a city liveable by studying Hamilton and the local area.

Meet The Departments - Family Studies

Our grade nine family studies focuses on the transition from adolescence to adulthood - it's all about you. We examine relationships with self and others, practical skills such as financial literacy, sewing and cooking (food labs are not happening right now), problem solving/conflict resolution, and we introduce concepts from our senior courses including parenting, psychology, sociology, anthropology and philosophy.

Meet The Departments - Business

This course introduces students to information and communication technology in a business environment and builds a foundation of digital literacy skills necessary for success in a technologically driven society. Students will develop word processing, spreadsheet, database, desktop publishing, presentation software, and website design skills. Throughout the course, there is an emphasis on digital literacy, effective electronic research and communication skills, and current issues related to the impact of information and communication technology.

Meet The Departments - French Immersion

Welcome to the grade 9 French Immersion students! As you know, by the end of grade 12, you will need to take at least **10 French Immersion courses**. In grade 9, you will each take your French language course, and you have the option of taking your math, science and geography courses in French as well. For electives, you may have chosen to take Family Studies and/or Business in French. If so... you made a great choice! Your French Immersion teachers are very excited to meet you and can't wait to begin the new year. If you have any questions once you're settled in at Sherwood, feel free to reach out to Mme. Oliver who would be happy to help!

Meet The Departments - Phys-Ed

Welcome to Grade 9 Physical Education! We look forward to spending time with you in the gyms, functional fitness room, spinning room, weight room and on the fields and trails around the school. Our goal for you is healthy active living and you will be trying out a number of different sports, workouts and wellness activities.

Stay tuned for more details throughout the year. If you have any questions please reach out to Mr. Teufel or Ms. French. See you in September.
