A lot of work is happening at the temporary site. Here are a few photos to give you some snapshots of what the temporary site looked like this morning. As discussed, there is still a lot of work to do, but our team are monitoring the progress closely and working hard. We are on schedule to open as we hope and look forward to welcoming the students on August 31st for the optional tours.

A large pile of wooden question marks of various sizes and orientations, scattered across the left side of the image. The wood has a light, natural grain. The background is a clean, white surface that transitions into a light blue gradient on the right side.
