June 2018

Health and Safety During a Heat Event

A heat event occurs when the forecast calls for one or more days with a 40 or higher humidex reading. The City of Hamilton Public Health Department monitors weather forecasts closely and notifies the media and community partners of a heat event. Once HWDSB has been notified, information will be posted on our website and the following precautionary steps will be taken for students:

-Limit physical outdoor activities; Ensure access to water; Close drapes and blinds; Move pupils through cooler areas of the school, SWL is air conditioned so keeping students indoors will be a consideration; Monitor students for symptoms of heat stress.

SWL Summer Renovations

Over the summer, SWL will undergo renovations to the school building. The Library/Learning Commons will be updated to reflect a vibrant new learning space with access to technology. The gymnasium will be enhanced with a new floor, score board, electronic backboards and painted to provide an optimal space for student activity. The Music room will be enhanced with sound panels and storage. Room 105 will be converted to another Kindergarten room to be used next year as we prepare for an addition in the spring of another kindergarten classroom.

September Class Assignments

Staffing is still underway as we determine who will be teaching what class/grade for September. When this process is complete, teacher assignments will be shared with the SWL community in a future newsletter.

Students will find out their teachers for the next school year on the first day back to school. On this first day, Kindergarten students will remain with their same group of students and classroom. Where possible, same teachers will be in place to provide students with consistency from year to year.

On the back playground new Gr. 1 -5 students will line up in this year's grade lines with last year's SK students forming a new line and students new to the school forming another new line. Teachers will call out students per class so parents can see who the teacher is for their child and which children are in the class.

Grades 6-8 students will head to the gym to find their name on class lists that will be posted on the walls. Students will meet with their new teacher and head to class with this teacher.

Good Luck in Track & Field

SWL students will be participating in T&F events happening over the month of June. Good Luck to all students involved.

curiosity.

creativity.

possibility.
