September 25, 2019

Dear Families,

Recently, our school underwent water testing for lead, in accordance with the provincial regulations (O.Reg 243/07). As a result of this testing, concerns were identified within the school. Corrective actions are now in place, and the exceedances have been rectified.

In addition to informing the Ministry of Education and the Ministry of the Environment, Conservation and Parks, our Health & Safety representatives have consulted with Public Health to ensure appropriate corrective actions in the circumstance have been taken for the safety of your child. This includes any requirements prescribed in the regulation as well as any additional actions required by Public Health.

For more information and if you have any questions, please contact me at 905.578.4422.

Thank you,

Debbie Sprentz
Principal
