Bully Awareness and Prevention Week

Educators worked through various lessons for primary, junior and intermediate students to help educate students about the different forms of bullying, how to be an upstander, and overall ways to be accepting and kind to all. Bullying affects everyone and together through a united front everyone can impact how bullying is addressed in school. Students will be sharing work they have engaged in regarding Bully Awareness and Prevention week at our virtual ROAR assembly on Thursday.

Check out our I'm Kind message! Students were able to support this message this week through class photos.

Family Paint Night

Our Community Paint Night was a success. Council raised approximately \$500.00 for this event to support student hands on instructional materials at school. It was wonderful to see our young artists at work during this evening and time for the SWL community to come together! Thank you, School Council for your time and care in organizing and running this event! Thank you, families for your support!
