

March 4th, 2024

Dear Tapleystown Hockey Focus Program Family,

It is hard to believe that we are at the point in the school year when we plan for the 2024-2025 school year. I am writing to update you on a one-year change to the Hockey Focus Program at Tapleystown taking place next year.

Historically, the Hockey Focus Program has been delivered to one class of students. Due to a miscalculation, we are admitting an increased number of students into the program for the 2024-2025 school year. It is important that we acknowledge the error and honour our word to the students and families who have already received acceptance messages. For the 2025-2026 school year onwards, we will return to our one-class allocation for the Hockey Focus Program.

Thank you for your understanding and continued support.

Sincerely,

Michelle Lemaire
Superintendent of Student Achievement, Program
