 - Two covered areas to provide shade for students
 - Log cabin style hut in the small play area
 - Large umbrella in the large play area

- Door: 36" x 80" Metal Door
- Assembly: Factory assembled
- Total cost: \$5,601.41 (plus tax)
- Shelving: \$750.00 (plus tax)
- Area Supervisor still looking to see if we are able to claim an unused shed from another school
- Have asked for support from Facilities if we need to purchase a shed on our own

Council Supported Purchases:

- RAZ Kids subscription has been purchased – approximately \$1300 CDN to support almost nine classes
- Robotics Materials have been purchased for \$439.28

Freezer:

- There is limited space within the building to house an additional freezer
- If a freezer is purchased, it would need to again be housed in the staff room

Minor Office Reno:

- Second office administrator desk has been moved back against the wall
- Next phase is to move the counters back approximately 1 metre to make additional space for people who come into the office

We are looking at creating a welcoming message/design on the large wall space in the office – perhaps the word “WELCOME” surrounded by the same word in a number of different languages

Next Meeting – January 15th, 2019
