Notes:

When you are selecting your courses on Career Cruising, ensure that you select the proper IB course codes. The Course Code MUST end in a 'B'. You will find them under the IB heading.

Registration in the IB Program includes both Diploma and Course Students.

A Diploma student is defined as a student who is working towards the Full IB Diploma as outlined in the IB Diploma Guide posted on the school website.

A Course student is defined as a student who is enrolled in some IB Subjects, but is not working towards the full IB Diploma credentials upon graduation. Enrollment as a course student is dependent upon space availability in IB classes AFTER diploma students have been timetabled.

Students that choose IB courses but have not submitted the application will be placed in the corresponding OSSD course if available.
