English: Understanding Contemporary First Nations, Métis, and Inuit Voices, Grade 11

**NBE3 is the only Grade 11 English course available in HWDSB beginning in September 2026*

Identities, relationships, and self-determination, sovereignty, and self-governance are key concepts in First Nations, Métis, and Inuit cultures.

It is critically important that students learn to appreciate the responsibility that creators on Turtle Island have to First Nations, Métis, and Inuit cultures, world views, and diversity through authentic and accurate representations of Indigenous lives

This course will be taught in consultation with Indigenous community partners from Six Nations of the Grand River and Mississaugas of the Credit, our territory's Host Nations.

Fill your Education Bundle with critical knowledge about treaty partner and Indigenous relationships, in the spirit of meaningful truth and reconciliation.
