March 30, 2020

Dear Westmount Families,

I hope you and your family are keeping well.

Throughout the week, Advisor teachers will be reaching out to students via email, The HUB or by phone to seek information about access to technology and digital tools should school closures continue beyond April 5th. Specifically, we are polling students regarding their access to digital learning devices in potential preparation to complete distance learning.

Please ask students to check their emails and their course HUBs daily and take a moment and respond directly to their Advisor teacher by email or by phone should the teacher call. This will be important as we build plans to move forward with our learning together. Once the information has been collected and a longer-term plan for learning is in place, additional information will follow. It is important to let us know of your capabilities for learning from home. If lack of access to technology presents a barrier, we would like to know so that we may help.

Thank you for your understanding and continued support. Please take care and be safe.

Geeta Malhotra
Principal
Westmount Secondary School
