Questions? Send Winona School Council an email to winonaSC@hwdsb.on.ca

Win a Class Booster Juice Party

Each class that participates will be entered in a draw to win one of two class Booster Juice parties: one awarded to lower grades "JK-3" and another for upper grades "4-8". Each student will be able to order their preference of smoothies that will be donated by Booster Juice Winona Crossing.

Poinsettia Fundraising Log

Use the Fundraising Log to track orders made on behalf of friends and family.

<u>Name</u>	<u>Red</u>	<u>Pink</u>	<u>White</u>	<u>Total Plants</u>	<u>Total \$12.50ea</u>
1.					
2.					
3.					
4.					
5.					
6.					
7.					
8.					
<i>(Sum each column above)</i> Totals					

#. Wylee Wildcat 905-555-5555 3 1 1 5 62.50

Instructions: Do not submit this log, place the order for Totals via School Cash Online at hwdsb.schoolcashonline.com. Use the log above to record orders like the “#” example. For each row, add up each *Red*, *Pink* and *White* as *Total Plants*, then multiply *Total Plants* by \$12.50 for *Total \$*. Add up each row to fill in the *Totals* row at the bottom. For example, if 4 contacts had a combined total of 8 Red, 4 Pink, and 3 White; then the School Cash Online order would include 8 Red, 4 Pink, and 3 White for a total of 15 plants for \$187.50. Separate orders are OK and will be combined for pick up. Loading assistance for large orders can be provided. Once picked up, deliver the poinsettias to each contact.

Latex Allergen Alert: Please be mindful of members of our community with Latex allergies who avoid direct contact with the poinsettia plant due to the possibility of a reaction.

Poinsettias are not poisonous! They are not intended for human/animal consumption, but a person/animal would have to eat over their body weight in the plant for it to be dangerous.

How to Care for Your Poinsettias

- Poinsettias like bright, indirect light.
- Poinsettias do not like to sit in water. When watering, remove your plant from its pot cover, water thoroughly and allow excess water to drain.
- Poinsettias don't like drafts. Keep them away from the front door, heat vents, and ceiling fans.
- Poinsettias must be protected from the outdoors. Ensure that they are wrapped or covered during transport, and never leave them in a cold car.
- You don't need to fertilize your Poinsettia.
