### **Additional Information**

We are gathering community input regarding the options through public meetings.

- We will review input from this public meeting with Boundary Review Advisory Panel

Gatestone and Mount Albion are not included in this boundary review as they are both running at capacity and can accommodate those in the area.

- There is no need to uproot these students.
- Mount Albion will be having a 10 room addition soon

Three Options from Advisory Committee presented.

- **First** is the preferred option where Tapleystown Zone 1 and Janet Lee Zone 2 will be directed to Summit Park School
- **Second** is delaying Billy Green and Tapleystown Boundary Change
- **Third** is Zones 1 / 2 attend Summit Park and Billy Green Zone 4 attend Janet Lee

It is recognized that Tapleystown cannot sustain the predicted future enrolment numbers and will need to be looked at.

- Short term adjustments can be made as we move forward

Advisory Committee had concerns with the long-term projected enrolment at Tapleystown and asked if there could be an exemption to the 50% rule.

- An inquiry was made, however there can be no exception and we must follow Ministry requirements

## **Gathering Feedback**

Three stations representing the schools has been set up and each has information regarding the three options that have been presented. Staff members are available at the stations to answer questions for clarification.

- Station One is Janet Lee School facilitated by Bob Fex, Planning and Accommodation
- Station Two is Taplestown School facilitated by Bob Avery, Manager of Facilities
- Station Three is Billy Green School facilitated by Ian Hopkins, Planning and Accommodation

Questionnaires at each station are for suggestions / comments / feedback from the public.

- This feedback will be collected and incorporated in the final report to trustees.
- Families can identify which option they prefer.
- Feedback is welcomed for all three presented options as well as general feedback
