

HWDSB

Your New Elementary School

This new Elementary School is being constructed on the Greenville school site at 625 Harvest Road. This new JK-8 elementary school will serve students at Spencer Valley and grade 6-8 students living in the Millgrove Catchment area.

The school is part of a joint community project with:

- **The City of Hamilton** - \$1.8 million for a 2,756-square foot Community Centre with kitchen and washroom facilities
- **The Hamilton Public Library** - \$2.25 million for a 3,552-square foot Public Library
- **Ministry Daycare** - \$1 million for a 4,424-square foot Daycare wing
- **HWDSB School** - \$8.09 million (\$2.52 million Ministry funded and \$5.57 million HWDSB funded) for a 41,000-square foot elementary school

Next Steps:

- We have received Ministry of Environment and Climate Change (MOECC) for both sewage (septic) and storm water and now await Site Plan Approval (SPA) and Building Permits from the City of Hamilton.
- We have received our Approval to proceed to tender from the Ministry of Education.
- The tender phase is scheduled to begin in June.

Overview of Project Phases:

Features:

- 41,000 square foot school
- Capacity for 381 students
- Services students in grades JK-8
- Daycare facility within the school
- Public Library and Community Centre attached to the school
