# Safety Features and Guidelines
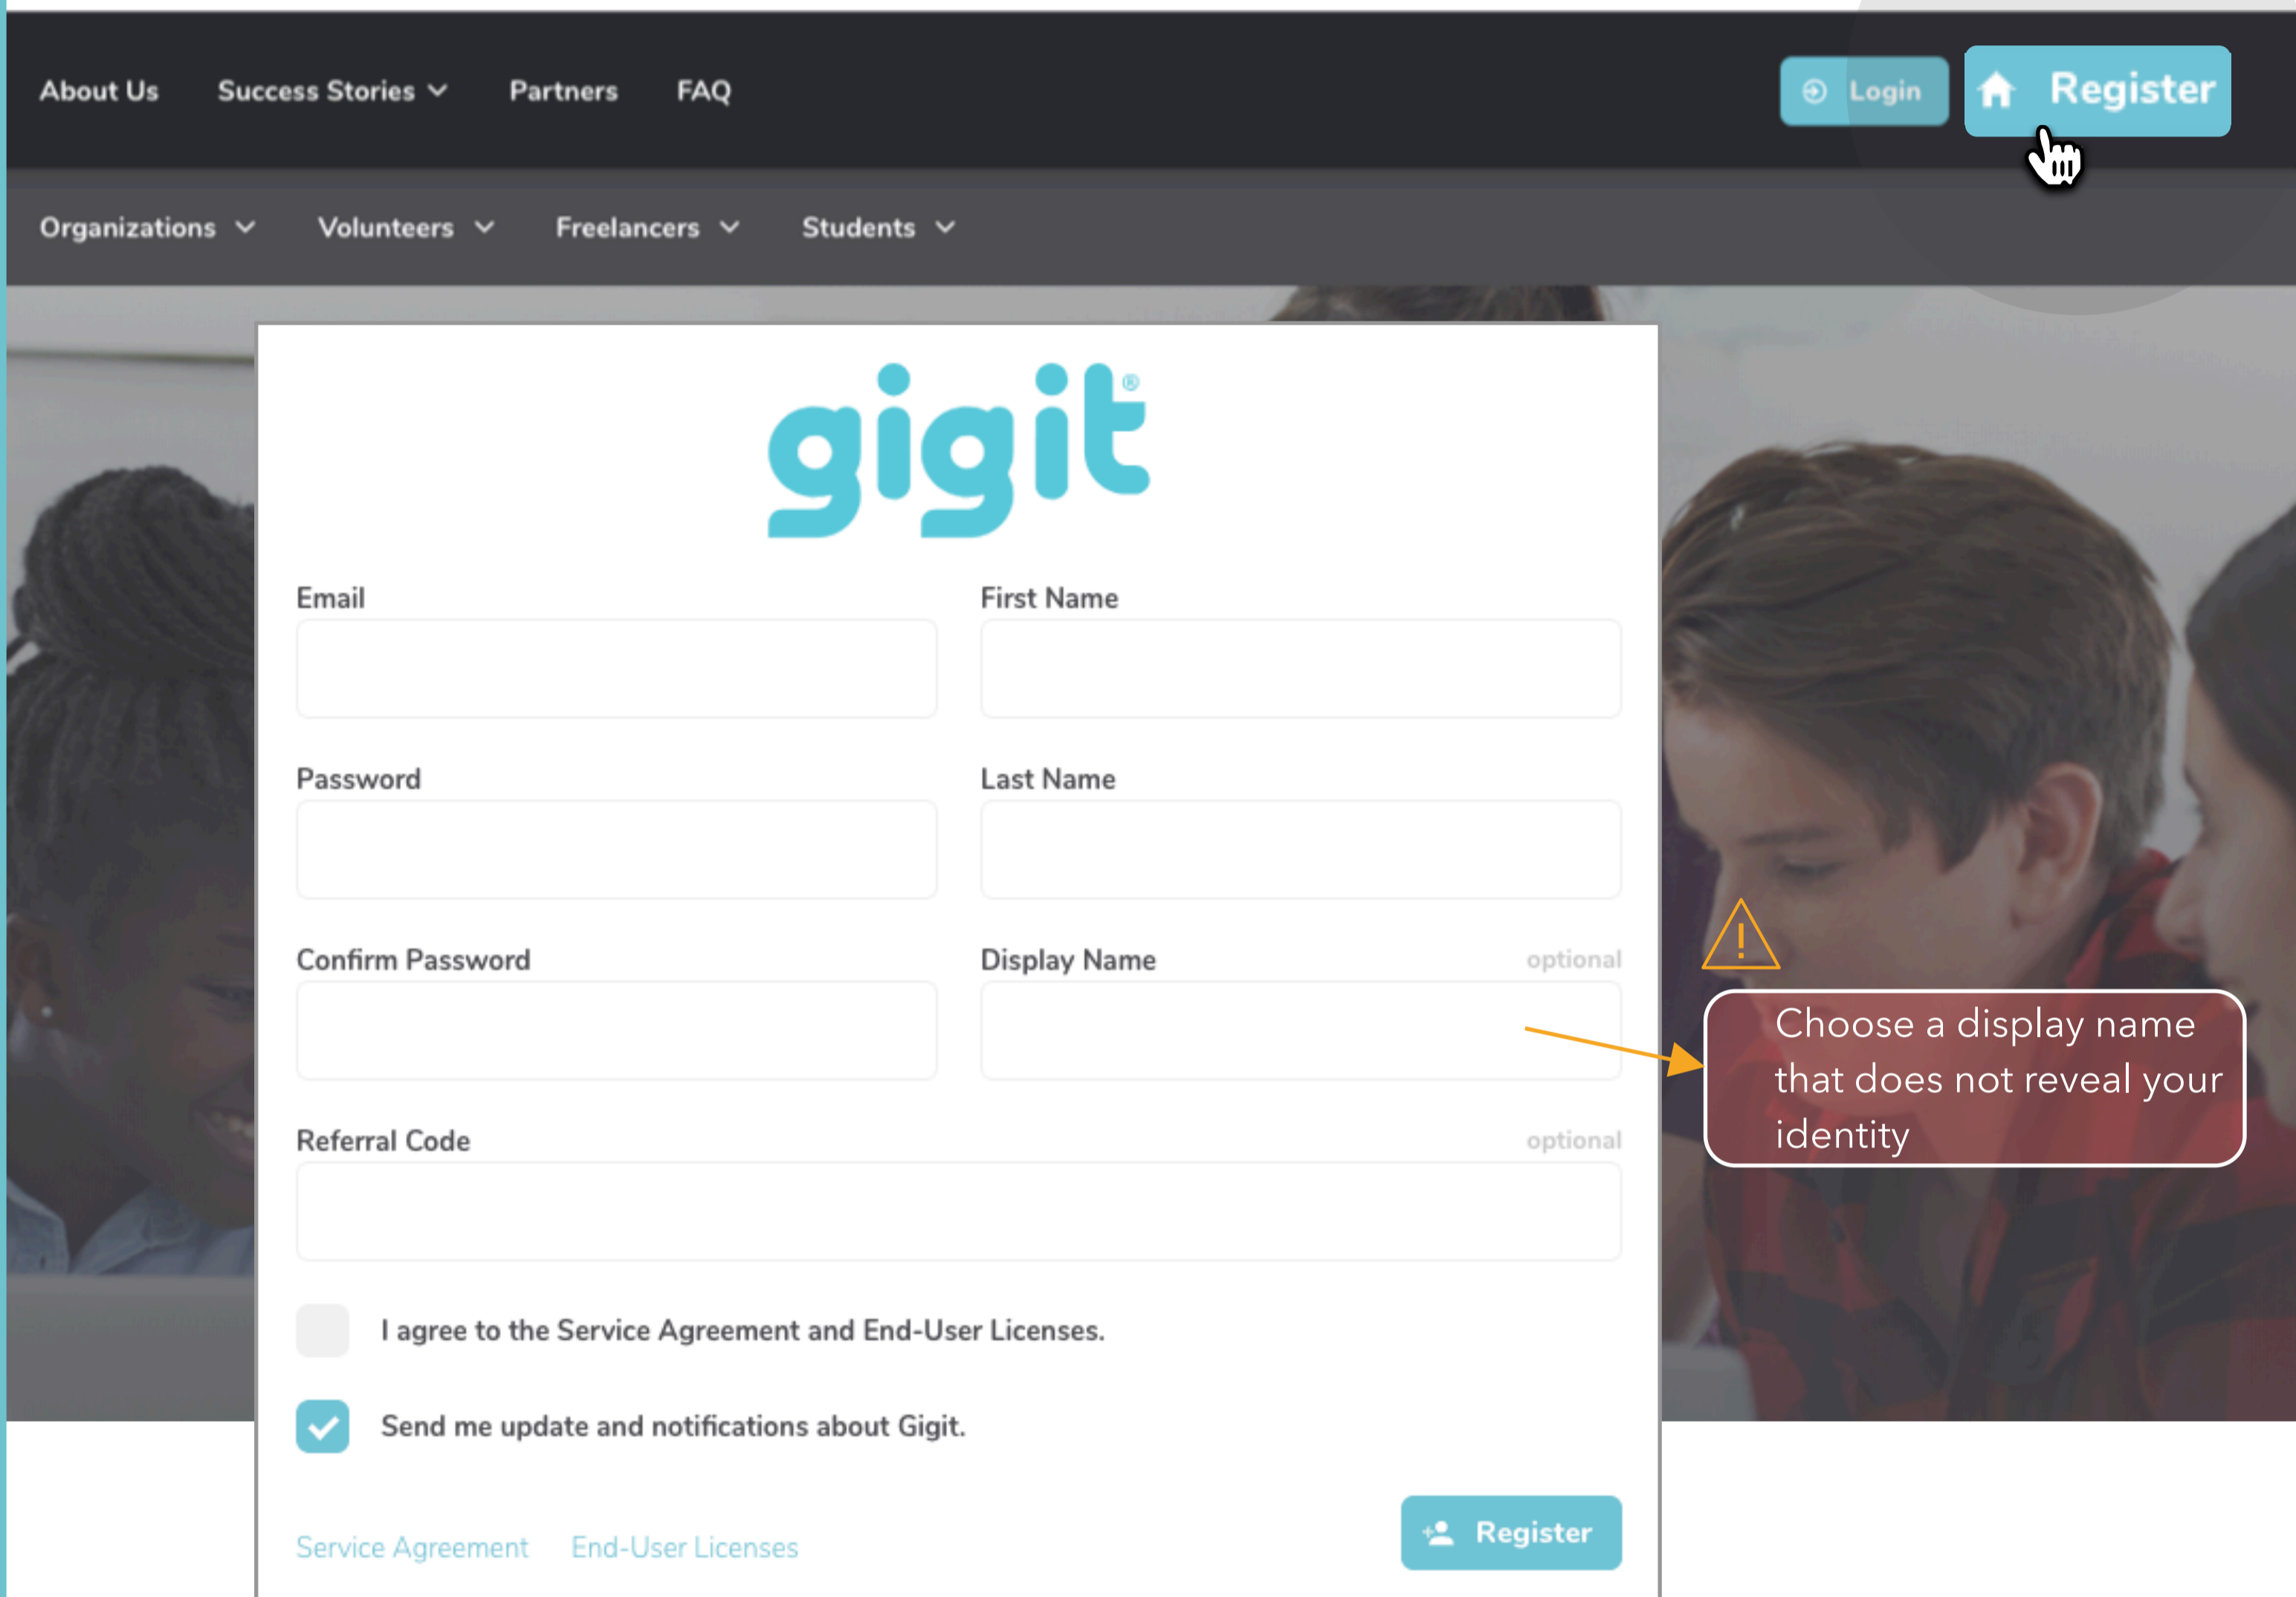

⚠️ **Important:**

Using Gigit is optional. You do not have to use this service.
Make sure your parent(s)/guardian(s) approve of you using Gigit.

Fully implement all of the safety features in these guidelines in order to protect your personal information.

Consult with your parent(s)/guardian(s) before accepting a volunteer gig.

# gigit®

Your first and last name will not be made public.  Only your display name will be visible to people who are not contacts.  When you apply to a gig, your real name will be available to the admins so they can contact you.

## 2.  Profile Pictures

When updating your personal profile / digital resume, it is recommended to not use a personal picture if you do not want it to be public.  It is possible to add multimedia to your resume that will only be seen by your approved contacts.

## 3. Sharing your profile and privacy

By default your profile is private on gigit aside from your display name and display image. In order to share your profile / resume with others you can make them a contact. When you apply to volunteer, admins of the group you are applying to will automatically become contacts so they can see your profile.

Contacts can be managed in your profile, on the Contacts tab.

## Managing Feedback & Comments 4.

When you complete a volunteer gig, the organization you work with will have the opportunity to provide feedback. It is encouraged that this feedback always be positive. If you have a need to hide your feedback or comments, you can do so on the **Reviews** tab in your profile.

# gigit®

## 5. Attaching media when completing a gig

You are able to attach multimedia to your gig when you complete it.  This allows you to show the group you are working with what you have done, or to capture your experience.  It is recommended to not upload pictures of yourself if you do not want others such as admins from the organization to see them.

## 6. Refusing 3rd party advertising

Gigit currently doesn't have any advertising on the platform.  If a group attempts to use the platform to sell or advertise to you, please report the group at **info@gigitmarketplace.com**

## 7. How to manage cookies

The gigit platform currently requires cookies.  When you come to the site you will be asked to accept the use of cookies.  If you do not want to allow cookies, you can turn them off in your browser, but certain parts of the platform will not be available.

To provide you with the best experience possible, this site uses cookies. Continuing to use Gigit means you agree to our use of cookies.
